

Dear Partner,

Below are today's (5/13/20) important updates for joining New York City's **Test and Trace Corps**.

Test and Trace Corps

NYC is seeking Contact Tracers and Supervisory Contact Tracers to perform COVID-19 case interviews and contact tracing. Contact tracers will investigate cases, trace contacts, monitor contacts, and manage all case data and inquiries. Applications are now being accepted to fill these important roles immediately. The City's goal is to hire 2,500 people in these positions by June. **If you're interested in learning more about these roles and/or sharing these roles with your community, please find the posted jobs at: nyc.gov/traceteam**

It's important that Contact Tracers represent our communities, particularly our hardest-hit neighborhoods. Please share these jobs within your community networks.

NYC's COVID-19 Citywide Information Portal

NYC's COVID-19 Citywide Information Portal (nyc.gov/coronavirus) provides the latest updates on information related to COVID-19.

Want to become more involved?

- Visit [COVID Connect](#) to join our list-serve and submit questions, concerns and/or requests to the Health Department's COVID-19 response team.

- Text "COVID" ("COVIDESP" en español) to 692-692 for regular COVID-19 updates from [Notify NYC](#).

Thank you for all the work you do in your communities and for your dedication to promoting and protecting the health of all New Yorkers. We look forward to continuing to serve New Yorkers alongside you.

Sincerely,
COVID-19 Response Team
New York City Department of Health and Mental Hygiene
