A presentation on the design proposal for Hamilton Place Plaza given by NYC DOT

Jessica Cronstein gave the presentation on how the plaza would look like. There were many questions regarding this proposal with many in-favor and some opposing and the closing of the street permanently.

CB board member Daria Hardeman asked some very important questions regarding the plaza and the information given out to the community. Ms. Hardeman felt that the information should have been clearer for community residents for the simple reason that many people do not attend meetings. The poster's that was given out did not state that the plaza would be closed all year and the poster should have included that.

Brotherhood/SisterSol had several meeting to inform the community, also with DOT, NYPD and the FIRE DEPARTMENT.

Board member Patricia Johnson asked all the meeting that took place was CB9 invited no answer was given. Chair C. Thompson knew of all the meetings but the board was not invited, but was informed that Brotherhood/SisterSol would present before the committee.

Jason Warwin, stated that he thought the Plaza would be a great opportunity to bring the community together.

DOT has dandified 17 spots parking spots minus the spots that will be lost, and Brotherhood SisterSol will maintain the cleaning of the Plaza. The furniture is movable and not drilled into the street. On the side street there must be room for emergency vehicles.

Johnny Hartman Plaza will remain with no changes.
