December 2016 minutes were adopted

No committee reports

Committee agreed to draft a letter to the strategic Planning committee in regards to an idea pass on by Kofi to make it a requirement that all arts organization attend committee meetings.

It is our opinion that all art organizations provide annual data regarding the population and location they serve to each committee and attend at least two meeting a year. We are yet to vote on this.

Barry will be responsible for selecting the artist who will showcase this month as part of our The Artist traveling exhibition project.

The 30th precinct Christmas Party was a success.
