5. PSA - waiting for funding
sub committee meet- a lunch meeting

Laquita

Monique

6. Lead Monetfiore- Nurse practitioner invite them

- Chairs email and concerns

this is DEP issue as well the city pipes

You can request a free kit to test your drinking water for lead through the Free Residential Lead Testing Program. through DEP This kit is for use in residences, including NYCHA residents, only and cannot be used to meet the lead testing requirements for day care centers or other businesses.

You can order only one kit at a time. If you are a landlord who wants to order more than one kit for your building, you must make a separate request for each apartment.

Q: how do we address lead: education we need to educate, get folks to test water
educate community on reporting construction
work with NPOS to raise this issue
get more education information on Lead
to provide community
challenge get folks to act on this: PR very important
awareness needed

7. Potential Vac sites: DOH/Testing Trace: WE NEED TO DO MORE

- last minute calls for folks to show up, NO GOOD
- **NEED A PLAN: get sites people show up with ID, the sign up the sign up ahead of time, has been bad. How will we vaccinate the immigrant and undocumented members in our community?**
- They need to do more, to get folks vaccinated
- you cannot in COC last minute, not easy to get to them
- Q who is responsible for basic distribution in Manhattan?
- issues with filling this out online
- VIP: "Meet people where they are"
- use Riverbank
- Recco call in National Guard,
- train folks to give injections
- ***medical students, nursing students, dental assistants
- add ZOOM CARE: St Nicolas 147st. Zoom Care— brand new
- City Tabernacle - 150st and Broadway, they have mobile hospital RV
- RV with refrigeration works: Columbia sonogram & dental mobile units
- SOMOS testing van?
- Columbia Mobile Clinic
- Health First
- Emblem RV
- Nurses work for insurance companies- administrative nurses maybe they can support
- Use Saturdays to vaccinate in our community

More manpower & mobile units: use medical and insurance RVs, students: - use RVs to sign up folks per block if needed
