Borough Commission Pincar came before the committee to explain the ongoing situation of 120th street Broadway to Riverside. Commissioner Pincar explained that there was other benefits to not installing angle parking. DOT plan was to install a center median, after much conversation there was many suggestion as to putting in angle parking.

Hon, Victor Edwards stated that it would be beneficial for angle parking whereas parking has become less and less due to Open Street.

Hon. Ted Kovaleff stated the fact that parking spaces are scare, diminished by the City appropriating many for bicycles, rental and cars and more recently for out door restaurant facilities.

I noted that the Board had requested angle parking nearly a decade ago and had been turned down, a later DOT plan for 120th street would not have included the implementation of CB9 angle parking plan. Ted reminded DOT that Josh Orzek and I had met and we agreed that placing the affected space on the South side of the street with curb extensions at RSD and Claremont would make crossing the street more safe for pedestrians at those location, I later met with Lyle Blackwood and when over the same.

Borough Commissioner Pincar stated that he would go back to the team and see if a plan could be made.

The committee also asked about the resolution that was presented by Hon. Victor Edwards to be looked at also. The Borough Commissioner also stated that he and his team would go over the resolution and get back to CB9.

There was also a complaint from Ms. Christina Weyl about the traffic signal at 110th & Amsterdam Avenue for cyclist. Borough Commissioner Pincar was well aware of the problem and DOT will look into it.

At the May 7, 2020 Uniform Service Committee met with Jomo Blackman Office of Community Outreach for the approval of replacement of windows and façade it was approve by the committee by a vote of 5-0-0.

The letter of support for this project will go before the full board on December 17, 2020.

District Manager Eutha Prince announced the upcoming Wellness Walk on December 11, 2020 from 1-4pm. The parameters are along the corridor of Amsterdam Ave. (bet. LaSalle and 120th St) there will also be a central information station.
