Jen Silverman has come before the committee many times with concerns regarding the sidewalks along 12th Avenue. This has been discussed so many times and the problem is that EDC has not completed their work along 12th Avenue. The committee will continue to try to get some answers to when this project is to be completed.

There was some discussion on the Amsterdam Avenue project and until we can meet with DOT regarding the health conditions of the community residents for this project we cannot go forward.

This issue is not just about adding bike lanes and there are so many more important issues then bike lanes along Amsterdam Avenue.
