## **Burial Claims**

The HRA Office of Burial Services (OBS) assists individuals in need of financial assistance to meet funeral expenses for deceased low-income New York City residents. The burial allowance is available to low-income decedents who do not have resources or assets available to pay for their funeral. Proof of low-income status may include, receipt of social services benefits or public assistance from HRA such as Cash Assistance, Supplemental Nutrition Assistance Program (SNAP) benefits, or social security benefits including supplemental security income (SSI). The HRA OBS can pay up to a maximum amount of \$1,700 under the current emergency rule towards the cost of a funeral bill for a decedent's final disposition (which includes burial, cremation or burying of cremation ashes) to the decedent's relative, friend, Organizational Friend or authorized representative.

In the event, the funeral bill exceeds the current \$3,400 cap under the emergency rule, the cost of the burial plot, grave opening or cremation will be deducted from the total bill and where the remaining bill amount is less than the above \$3,400 cap a burial allowance will be approved. The applicant who is responsible for the funeral arrangements or their representative must file an application with the Office of Burial Services within one hundred-twenty (120) days under the emergency rule, from the date of the decedent's death. To determine eligibility, an application must be submitted and OBS will assess the individual circumstances of each case. OBS will accept a photo or scanned image of a document via email and we may require a hard copy if the image or photo is not legible. OBS requires the following documentation:

- A Burial Allowance Application Form M-860W completed and signed by the applicant or authorized representative. See application for details.
- One original certified copy of the Death Certificate (it will be returned to the applicant).
- A copy of the Funeral Contract also known as the Statement of Goods and Services Selected. The contract must be signed by the Funeral Director and by the person who made the funeral arrangements.
- A copy of the cemetery or crematory bill, itemizing all charges.
- The original itemized funeral bill signed by the Funeral Director and notarized in the presence of a Notary Public or Commissioner of Deeds. The funeral bill must be stamped "Paid-in-Full" if the charges have been paid and the applicant is seeking reimbursement.

**Note:** During the pandemic an electronic signature can be used by a person in lieu of a signature affixed by hand in executing documents and forms authorizing or accepting funeral services. NYS Governor's Executive Order 202.11 March 27, 2020.

Prior to the pandemic, DFTA offered lunch, dinner, and a wide range of social activities and outings. In the early days of the pandemic, the staff performed wellness calls to Seniors and later transitioned to offering virtual classes.
